

Acreage living close to city

“Teviot Downs has just released an exciting new stage of 52 acreage allotments”

TEVOT Downs is one of the last few remaining acreage developments in southeast Queensland.

Located in Greenbank, just a 40-minute drive south of the Brisbane CBD, Teviot Downs consists of approximately 1100 allotments.

Teviot Downs presents fantastic value for money for families with home sites from 2000sq m from as little as \$210,000 and larger 4000sq m lots from \$229,000.

Each home site provides ample room for pools, tennis courts, hobby sheds and there's plenty of room left for the kids to play. Lots are generally clear and level.

“With the SEQ Regional Plan restricting the further release of acreage lots, acreage so close to Brisbane is soon to become a thing of the

past. The scarcity of acreage living so close to the city is becoming evermore apparent,” Colliers International Land Marketing general manager Clinton Trezise said.

“The high demand for Teviot's quality home sites has meant construction maintained a strong momentum throughout 2008 and will continue in 2009.”

Teviot Downs has just released an exciting new stage of 52 acreage allotments. This stage is currently under construction and has already attracted a strong amount of buyers with seven home sites sold.

Potential buyers are urged to “get in early” to stake their claim for what is likely to be another highly sought after land release.

Well over 700 families have made Teviot

Downs their home. As a result a new shopping centre, anchored by Woolworths, has recently opened providing residents with handy access to necessary facilities.

For information on premium acreage living at Teviot Downs visit the sales centre on Pub Lane, Greenbank.
